  Office hours: W 3:00 - 4:00 PM (Sloan 178)
• Lead TA: Isak Mottelson (imottels@caltech.edu)
  Office Hours: Tu 3:00 - 4:00 PM (Sloan 379)
• TA: Kevin Li (kkli@caltech.edu)

Textbook

Class Policies

Homework.

• Homework is worth 30% of the grade. Each problem set is worth the same, except your homework with the lowest score, which will be dropped.
• Problem sets are available before Sunday evening on the class web page. They should be turned in on Thursday at 4:00 pm in the Math department’s drop box for Math 108a. They will be available for pick-up on Wednesday in the Math department’s pick-up box for Math 108a. Sample solutions will be available on the web-page after the due date.
• No late work will be accepted or extensions granted. (In exchange your lowest homework score will be dropped.)
• You are encouraged to discuss homework problems with one another, however the solutions must be written up in your own words.
• Due to federal privacy policies, each assignment is to be submitted with a cover sheet, which carries nothing other than the student’s name (first & last name).

Exams.

• There are two exams, a midterm and a final each worth 35% of the grade. The respective dates and times will be announced. The final exam is cumulative.
• The midterm and final exams are timed, non-collaborative, closed-text exams, the exact policy for which will be announced at that time.
